School Safety Plan - Glen

Dixie Sun is in the midst of revisiting our school safety plan (fire drills, emergency preparedness plan, reunification drill). Glen stated that school maps need to be made current. He also discussed each teacher creating a classroom safety plan for substitute teachers.

Jill brought up using the portables and the safety concerns that come from having those classrooms so isolated from the rest of the school. The possibility of a fence around the school was also discussed and the concerns that parents have had in the past and the general position of the city since part of the school grounds is a public park once school is not in session. Supervision of the playgrounds before and after school was also discussed.

Reunification Drill - Glen

Next Thursday, November 17th Dixie Sun Elementary School will hold their Reunification Drill. School will be released at 12:45 and there will not be any busses running that day. Each student will need to be picked up from the school by either a parent or a previously approved guardian.

Internet Safety - Jeremy

One of the new requirements of each Schools Community Council is to discuss and report on filtering, technology management systems, and supervision practices of technology. Past and current filtering was discussed. The new Washington County School District is adopting the 70/30 Rule of Internet Content Filtering. 70% supervision based (teacher/parent) and 30% technology based (content filter). All schools in the School district do teach students and teachers how to protect themselves online.

Other

KSL is doing a special on Dual Immersion tonight.

Next Meeting

2/8/2017 3:45 PM, Dixie Sun Elementary Rm 10

Motion to adjourn was made at 5:11 and was passed unanimously.
